BUILD A BRIGHTER LIFE

Building brighter lives, together.

Bronwyn Overall

Hi, I'm Bron.

I have 30 years of experience as a registered nurse, with a wide range of clinical skills including acute care, critical care and stoma, wound and continence management. Having the skills and opportunities to provide nursing care and support to so many people from a wide range of backgrounds with different care needs makes me feel very lucky. My nursing experience combined with my NDIS support worker skills allows me to offer a wide range of services and I provide flexibility depending on your needs. I value the opportunity to get to know people, understand what matters to them, and provide consistent, practical support in their everyday lives. I listen carefully, communicate clearly, and respect each person's choices. As a support worker my focus is helping people work towards their goals and take part in the activities that are important to them.

LOCATION

I work across the western, southern and central suburbs. I am more than happy for a phone, email or text conversation to help you work out if you think I am the right support person for you.

EDUCATION

My qualifications include a Diploma of Nursing, Bachelor of Nursing, Diploma of Stomal Therapy, Wound and Continence Management, Masters in Clinical Science. I also hold First Aid and CPR qualifications, screening checks, a full driver's licence and access to vehicles. English is my first language.

INTERESTS

In my spare time I enjoy going to the gym, walking along the beach or in nature, reading novels, trying different foods and watching funny movies or stand up comedians.

EXPERIENCE

I welcome people of all ages and provide support with:

- Medication management
- Mealtime management
- Daily routines and domestic tasks
- Personal care and hygiene
- Living independently and life skills
- Appointments, organisation and advocacy
- Healthy lifestyle, exercise and movement
- Community participation, social connection, activities and interests
